This handy guide will walk you through the installation process and help you understand the basics. You'll be using Keyframe Caddy in no time!

Installing Keyframe Caddy...03 Using Keyframe Caddy...04 Help and FAQ...11 Legal Information...13

Contents What's Inside

Installing Keyframe Caddy Getting it working

Restart Flash.

Keyframe Caddy should be installed! Yay!

Download the <u>Keyframe Caddy Pro or Pro Trial</u> from the Adobe Add-ons site. Creative Cloud should automatically update and install the extension.

Still no luck?

• Try the Adobe Add-ons troubleshooting tips!

• <u>Try the Extension Manager!</u> (Our preferred way)

Using Keyframe Caddy Let's get started!

Meet Elvis. He's the big pink blobby monster to the right. He'll help us learn the ins and outs of Keyframe Caddy Pro.

Inside the folder that you downloaded, you'll find a .fla that contains Elvis. He was built with love so you can play around with Keyframe Caddy without having to design your own rig upfront.
